

Finance Sub-Committee Report
08/09/09

Through Swimming Queensland's efforts, your CQ Swimming Association is to receive a total of \$10,000.00 [\$5K in cash and \$5K in goods] as part of a State wide sponsorship deal with Mc Donald's. Details of the sponsorship arrangement are shown in letter received from Swimming Queensland

CQSA is to receive the Dolphin Wireless Electronic Timing System arranged through the Telstra Assistance Fund by Swimming Queensland after discussion with Central Queensland. Delivery of the Dolphin Timing System is expected sometime this month. [It is possible that this grant will precede a requirement of Swimming Australia that all nomination times be obtained either electronically or semi-electronically. Although at present, three time-keeping times are still acceptable.]

Enquiries concerning when the Sport and Recreation Grant application is to be released has indicated a change in applying for funding is likely. It seems that the Department of Communities has taken over the sport and recreation portfolio and funding guidelines are being revised. At present, there has been no written advice about what is happening.

Members are invited to make suggestions to this sub-committee for your association to apply for suitable funding projects that would benefit Central Queensland swimming.
