18 January 2010

Dear David

At our recent meeting of Rocky City Swimming Club we discussed and thought it would be tremendous to see more items placed on the CQ website, especially after the recent state titles in Brisbane.

Some items that we thought would be notable for the website were our U14 CQ boys relay team receiving a placing in each of the relays that they competed in. Also Rocky City Swimming Club were the winners of the Country Clubs and along with several of our CQ swimmers taking out medals at the titles. I am sure that if you haven't the correct information, a quick email out to CQ clubs would get this to you fairly promptly.

As I am sure that you would agree that any of these achievements are worthy of mention on our CQ Website and we would be appreciative if this could be added to the "What's New in CQ" items and brought up to date as soon as possible.

Yours sincerely

Julie Korte
